The figure consists of four bar charts, each representing a different category (1, 2, 3, and 4). The y-axis for each chart is labeled with the category number. The x-axis represents the years from 2019 to 2023. The number of employees for each year is indicated by the height of the bar and labeled with a value.

Category	2019	2020	2021	2022	2023
1	10	48,970	50,000	50,000	4
2	7	50,000	12	4	6
